

2021 Fall Mack Days will be here soon. We are excited to announce that Bretz RV and Marine of Missoula will be sponsoring the prize of \$500 for the largest lake trout and also a \$1,000 credit at Bretz RV and Marine for a tagged lake trout. "Thank you Bretz". Your support is appreciated!

Mack Days Fishing Events are used as a management tool for native fish conservation in Flathead Lake by reducing the population of non-native lake trout as a means to increase the native populations of bull trout and westslope cutthroat trout in Flathead Lake. Efforts to increase native fish numbers require an indefinite commitment because their populations in Flathead Lake have declined, bull trout are listed under the Endangered Species Act as a threatened species and westslope cutthroat trout are listed as a species of special concern. Working together will make a difference for the future of these fish. The Confederated Salish and Kootenai Tribes began Mack Days Fishing Events in 2002 giving anglers the opportunity to help in the recovery. We conduct a spring and fall event each year and encourage anglers to join in this effort to ensure our success. Let's all do our best to preserve the unique heritage of native bull trout and westslope cutthroat trout in Flathead Lake.
